How to Magnetize

Attach the product, then the bit is magnetized.

How to Demagnetize

(1) Slide the bit or screwdriver shank several times on the lateral side of the product.

(2) Slide the tip-end last and remove.

*Magnetic force slightly remains even after demagnetizing.

⚠ Cautions

- Check the application, size and usage before use.
- Do not use near equipment where magnetism causes an adverse effect.
- Keep this product away from children when storing at home.
