Cautions

«Quick Catcher, Ball Quick Catcher» ●Max weight of a tool attached to this product : 500g ●(Ball Quick Catcher) When using this product as a screwdriver, do not apply more force than required. ●Key adapters made by other companies cannot be attached to Quick Catcher. ●Insert the bit as far as it will go into the chuck and make sure that it does not come off before using it. ●When attaching or detaching the bit, hold it firmly to prevent it from dropping off unexpectedly. ●Do not attach a sharp tool, such as drill, because they are dangerous. ●The sleeve may move upward to loosen the bit due to the impact during carrying or using, and the bit may come off. Please be careful especially when using this product in high places.
«Bit Holder» ●Before using, confirm that the bit does not taken off easily by inserting it into the holder. ●Do not use the holder when any anomaly such as damages, wear, deformation and so on is found. ●When attaching and storing a sharp tool such as drill bit, do not pull out or insert the tool by holding its sharp edge. This may lead to the injuries. ●Do not use this holder with a sharp tool such as drill bit by hanging the holder at the waist.
